Procurement Center of Excellence · Procurement Transformation · Procurement Governance · Strategic Sourcing · Government Procurement · Saudi GTPL & Etimad · Category Management · Local Content & IKTVA · Contract Lifecycle Management · Supplier Qualification & SRM · Cross-Border Procurement · Multi-Entity Team Leadership

PROFESSIONAL EXPERIENCE

HWADI Group — Riyadh, Saudi Arabia
Procurement Director

Jan 2025 – Present

- Lead group-wide procurement across 16 subsidiaries and 100+ concurrent projects (~75% government-linked — Ministry of Culture, Ministry of Media, Aramco, UNESCO), running a 26-person procurement, logistics, and warehousing function.
- Cut PO cycle time 71% (7 → 2 days) and petty-cash dependency ~90% via a governed, digitized procure-to-pay flow on Microsoft Dynamics 365.
- Delivered 12–18% cost savings and 8–12% cost avoidance through strategic sourcing, framework agreements, and commercial controls.
- Built a governed digital operating model (three-tier approvals, delegation of authority, pricing dashboards) and the proprietary HWADI/EGZ Portal; embedded GTPL, Etimad, and IKTVA into sourcing. Promoted from Manager to Director in 3 years.

HWADI Ltd. — Riyadh, Saudi Arabia
Procurement Manager

Jan 2022 – Jan 2025

- Built the procurement function from zero — structure, policies, SOPs, governance, delegation of authority, and approval matrix; recruited and trained a 26-person team.
- Established centralized supplier qualification and governance, building a qualified vendor master of 370+ suppliers.
- Led enterprise Dynamics 365 ERP transformation (procure-to-pay, budgeting, AP with Etimad/GTPL), cutting cycle time ~35% and stock variance ~30%; launched KPI dashboards for first-time executive spend visibility.
- Owned the full Etimad government-tender lifecycle (RFP/RFQ, bid evaluation, pricing governance) across 100+ concurrent projects.

BAE Systems Inc. — Al Khobar, Saudi Arabia
Supply Chain Specialist

Feb 2019 – Jan 2022

- Managed sourcing in an ITAR-regulated defense supply chain (RSAF Typhoon/Salam, Tornado, Hawk) under strict export controls and 26–52 week OEM lead times.
- Renegotiated OEM supply and repair agreements with Tier-1 UK, US, and European aerospace OEMs; delivered 10–15% cost reduction and ~20% lead-time improvement via consignment stock and approved alternate sources.
- Maintained a clean, audit-ready ITAR and export-compliance record; supported Local Content/IKTVA value creation under the Saudi offset program.

Massarah Guest Management — Al Khobar, Saudi Arabia
Procurement Officer

Jun 2017 – Feb 2019

- Established framework agreements (civil, architectural, MEP) and migrated purchasing onto ERP-enabled procure-to-pay workflows.
- Delivered 15–20% cost savings, lifted PO accuracy to 99%, and cut stock-outs ~30%.

KEY PROGRAMS

- **UNESCO 45th World Heritage Session (Riyadh 2023)** — first in the Arab world; diplomatic-grade procurement for 2,000+ delegates and 195 state parties; 100% on-time vendor payment.
- **IKTVA Forum (Saudi Aramco)** — end-to-end event procurement for 500+ exhibitors from 50+ countries under Aramco local-content standards.
- **ImpaQ 2024 (Ministry of Media)** — full supply chain for 30K+ attendees, 100+ speakers, and 370+ suppliers.
- **Zarqa Al-Yamama (2024)** — first Saudi grand opera; cross-border procurement of an 80-member orchestra, instruments, and costumes.
- **Terhal 2025 (Ministry of Culture, with Dragone)** — 46,000 attendance, 30+ live shows; pyrotechnics, special effects, and rigging under one governance framework.

CERTIFICATIONS & EDUCATION

- **CIPS Level 3 Advanced Certificate** in Procurement & Supply Operations — Chartered Institute of Procurement & Supply (CIPS), UK
- **Certified Professional in Supply Management (CPSM)** — Institute for Supply Management (ISM), USA
- **B.S. in Supply Chain Management & Information Systems** — The Pennsylvania State University, Smeal College of Business · 2017

PERSONAL PROJECTS

- **End-to-End AI-Automated 3D-Printing Workflow:** AI agents across the full value chain (design, slicing, queue, vision QC, delivery) cut manual touch-points ~80%.
- **Personal AI Operations Dashboard:** multi-LLM command center (Claude, GPT/Codex, Gemini, local models) with multi-agent review, routing, and persistent memory.
- **10-Agent WhatsApp AI Sales Platform & Operations Dashboards:** regional sales persona (cut runtime cost 50%, cold-start 10x) plus role-based collections/restaurant tools with audit trails and supplier-ordering automation.
